

## jQuery Quiz II

---

1. All three of them are equivalent, because all of them tells that the css operation is applied for every element of the list.
2. 

```
<div>no ul here </div>
<div>
This does contain a ul.
<ul>
<li>the first item</li>
<li>the second item</li>
</ul>
</div>
<script>
$(document).ready(function(){
$('div ul').css("color","blue");
});
</script>
```
3. 

```
<script>
$(document).ready(function () {
$("body").append("<h1>jQuery Core</h1>");
});
</script>
```
